

Health Breakthroughs for EveryCat: FIP and Beyond FAQs

-How do I attend on-line?

The symposium is being streamed on the Whova app to registered attendees.

-How do I get the Whova app?

You can download the app for PC at: https://whova.com/portal/webapp/efhs_202207/

You can also find the free app download for mobile at your favorite app store.

However, you will not be able to access the Symposium on the app unless you are already registered.

-If I'm attending in person, why do I need the app?

There are several reasons to utilize the app, even if you're attending in person:

1. To save on printing, the speakers and exhibitors have uploaded important documents on the app to share with attendees.
2. You can interact with other attendees speakers on the app.
3. You will have access to view the sessions again through December 31st, 2022

-Will the Symposium be available for on-demand viewing?

Yes. If you are registered, you can view the entire symposium anytime after July 11th, 2022 until December 31st, 2022. Each session will be available individually so you can watch them one at a time.

-How will I get my RACE credits in I attend in person?

Certificates will be issued to the in-person attendees who registered for RACE credits options, based on a 2 day or single day registration.

-How do I get my RACE credits if I attend virtually?

If you attend live virtually, you will receive credits based on the amount of time on the app.

-How do I receive my RACE credits if I attend on demand?

For on-demand attendees, credits will be issued based on viewing a session and successfully completing a short 5 question quiz.

-Can I still register for the conference?

It is our intention to keep registration open until Saturday, 07/09/2022.

-What is the Fabulous Feline Fête?

The Fabulous Feline Fête is a celebration of all things CAT! Beginning at 6:00 pm on Saturday night after the conclusion of the Symposium, EveryCat Health Foundation is hosting the Fête, which includes dinner, awards, music, a silent auction and CATS!
